

Canvas: Assignment Groups in Canvas

Table of Contents

Table of Contents..... 1

A. Creating Assignment Groups in a Course1

B. How to Weight the Final Course Grade based on Assignment Groups.....3

C. How to Create an Assignment Shell in an Assignment Group5

D. How to Manage Assignment Groups6

Setting up Assignment Groups allows to better organize the different types of assignments you use in your course. The groups you make in assignment groups, can help you manage the weighting of various assignment grades in the final grade.

A. Creating Assignment Groups in a Course

1. Open Assignments

In Course Navigation, click the **Assignments** link.

Media Gallery

Modules

Discussions

Assignments

Quizzes

2. Click the “Add Group” button

3. Enter the Assignment Group Name in the Group Name field

If you want to weight the final grade for students using assignment groups, the percentage will appear in **% of total grade** field.

Add Assignment Group

Group Name:

% of total grade

4. Save Assignment Group

Click 'Save' button.

B. How to Weight the Final Course Grade based on Assignment Groups

1. Open Assignments

In Course Navigation, click the **Assignments** link.

Assignments

Quizzes

2. Click the Assignments Options icon

Then select the **Assignment Groups Weights** option.

3. **Click checkbox to indicate that you want to weight final grade based on assignment groups**

Enter the percentage weights for each assignment group you've created. The percentage weights you fill in here will determine how Canvas calculates the final grade for your course. These weights will show up in Gradebook for both students and instructors.

Assignment Groups Weight ×

Weight final grade based on assignment groups

EX.Test	0	%
Assignments	20	%
Online Discussions	20	%
Online Discussions	20	%
Quizzes	30	%

4. **Click Save**

C. How to Create an Assignment Shell in an Assignment Group

1. Open Assignments
